Ministry of Health and Family Welfare (MoHFW) has developed the e-Clearance for Afterlife Remains (eCARE) portal <https://ecare.mohfw.gov.in> to streamline and expedite the process of Public Health Clearance for transporting human remains to India from different countries.

By integrating all stakeholders on a single interface, including the consignee, Airport Health Organisation, and the airlines, the portal will facilitate smooth and timely clearance of documents with automatic periodic alerts and live status tracking.

To ensure a seamless transition to eCARE portal, it is requested to follow the guidelines as laid down in the portal. User manuals and FAQs are available on the website for the users.
